ABOUT RESONANCE

Resonance is a **48-hour** national level hackathon that brings together the brightest engineering minds from across the country to build innovative solutions for real-world challenges.

It is more than just a competition — it is a platform where creativity meets technology, ideas turn into impact, and future leaders are born.

At Resonance, we believe in the power of collaboration, curiosity, and relentless problem-solving to create a better tomorrow.

**ONE PROBLEM.
48 HOURS.
ENDLESS POSSIBILITIES.**

OUR VISION

To build a community of innovators who resonate with ideas, create meaningful solutions, and drive technological impact.

OUR MISSION

To provide a high-energy, inclusive, and industry-connected platform that empowers students to innovate, collaborate, and transform ideas into real-world solutions.
